110318

# AquaKwik LF6x – Concentrated WWF. Windshield washer fluid: 20°F freeze point.

### **Application Notes:**

**NuGeneration Technologies'** Windshield Washer Fluid, AquaKwik LF6x is a neutral pH aqueous liquid Concentrated cleaner available 20 degree freeze grade in both "ready-to-use" pre-diluted or concentrated forms. Non-streaking and non-spotting formula leaves windshields free of road film, dirt, grime, dust, water-spots and bugs. Highly effective products removes even the toughest "bug-splat" marks. 20°F windshield washer fluid is an excellent "De-Icer" and won't freeze in your reservoir at temperatures as low as 20 degrees Fahrenheit. Concentrated windshield washer fluid is an economical alternative to buying ready to use fluids.

### **Application Procedure:**

- Ready to use: windshield washer fluid simply add to washer reservoir. See picture above.
- Concentrated windshield washer fluid mix with 1 part washer fluid and 6 parts water.

#### **Typical Usage Parameters:**

	6x Concentrate	6:1 dilution
Description	Zero degree freeze grade	20 degree freeze grade
Concentration Range – Ready to use Concentration Range –	Full Strength	Full Strength
Concentrate	1 to 4	
Operating temps	Down to 0°F	Down to 20°F

#### **Physical Properties:**

	6x Concentrate	6:1 dilution
pH, Concentrate	9.0	8.5
Bulk Density, #/gal	8.0	8.26
Flash Point	> 114°F	> 175°F
Solubility In Water	Complete	Complete
Chelates	No	No
Corrosive	No	No
Sara Title lii Chemicals	NO	NO
VOC (Concentrate)	<160 g / liter	<26 g / liter

Concentrates: Are available to be diluted with water for use at 6:1.

Availability: Available in 5, 55 and 300 gallon containers. Bulk tank shipments also available.

Shipment: Freight Classification Flammable Liquid, Toxic N.O.S. (Methanol Mixture) UN1992, PG II (6x only).

Ready to use ships as Non-Regulated Material.

Storage: Keep out of direct sunlight. Keep from freezing. Store between 40-100 °F.

<sup>(1)</sup>**Disposal:** Dispose of in accordance with local, state, & federal regulations. For assistance with disposal contact NuGeneration Technologies at 888-99-NuGen or email: <u>info@nugentec.com</u>
